## **Sports Ground Reservation and Parking System**

### **Report submitted by:**

Shams Ihab Hassan      19100334  
Nadeen Medhat Labib   19100194  
Shady Mohamed Tarek   19100178  
Class: 7-6

### **Report submitted to:**

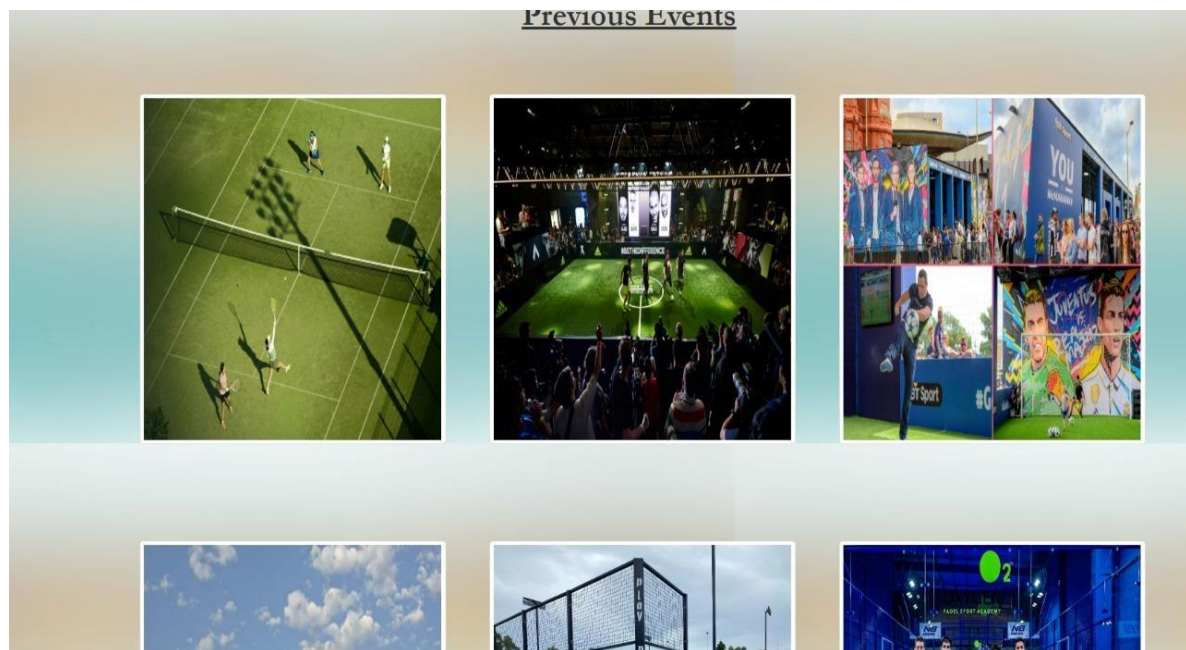

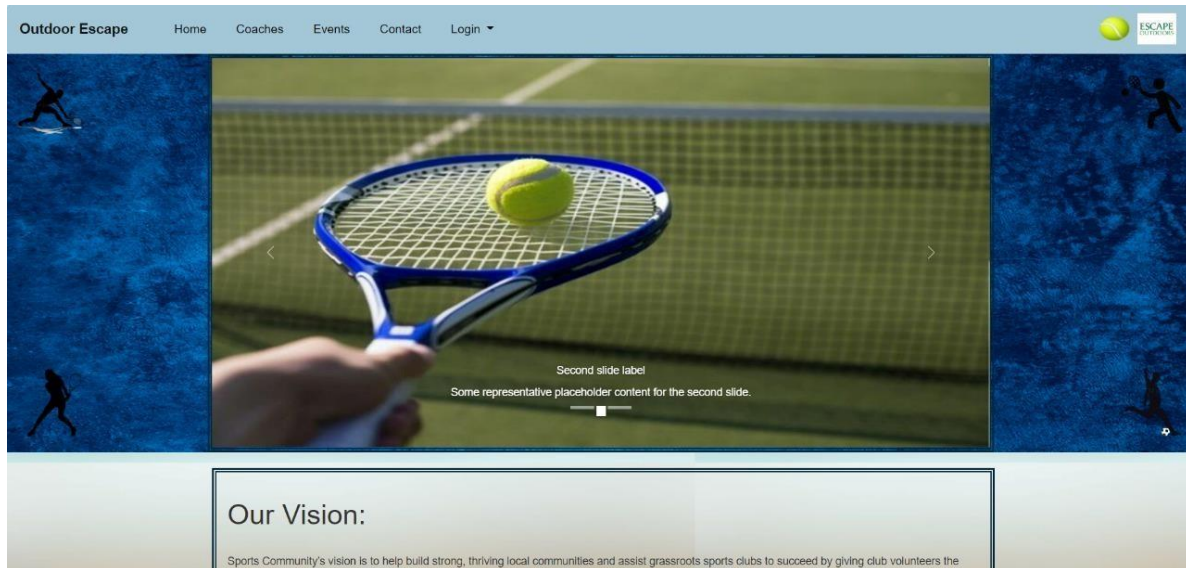

Eng. Yasmina Mohamed

### **Brief Description:**

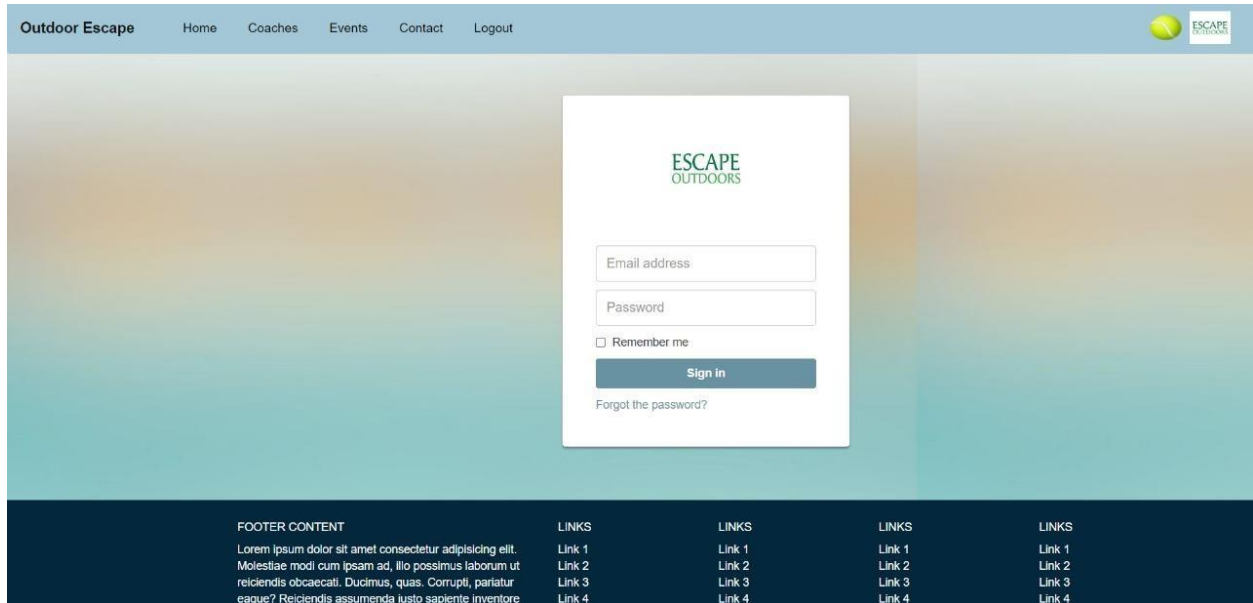

Our project's main purpose is to facilitate the interaction between people and the things they love to do. Nowadays, many people are into sports whether it's for fun, a hobby or any other reason, which has deprived many people from enjoying their time due to lack of organization. For instance, people could go to a certain court and find it completely booked. Therefore, our project is a system designed for such sport grounds that has many courts to be rented. Adding to this, we wanted to ease it for car owners, so we've made a parking system that helps the user to choose the best parking slot for him/her. An invoice is then printed containing the bill details for the court and the parking slot rent per hour.

---

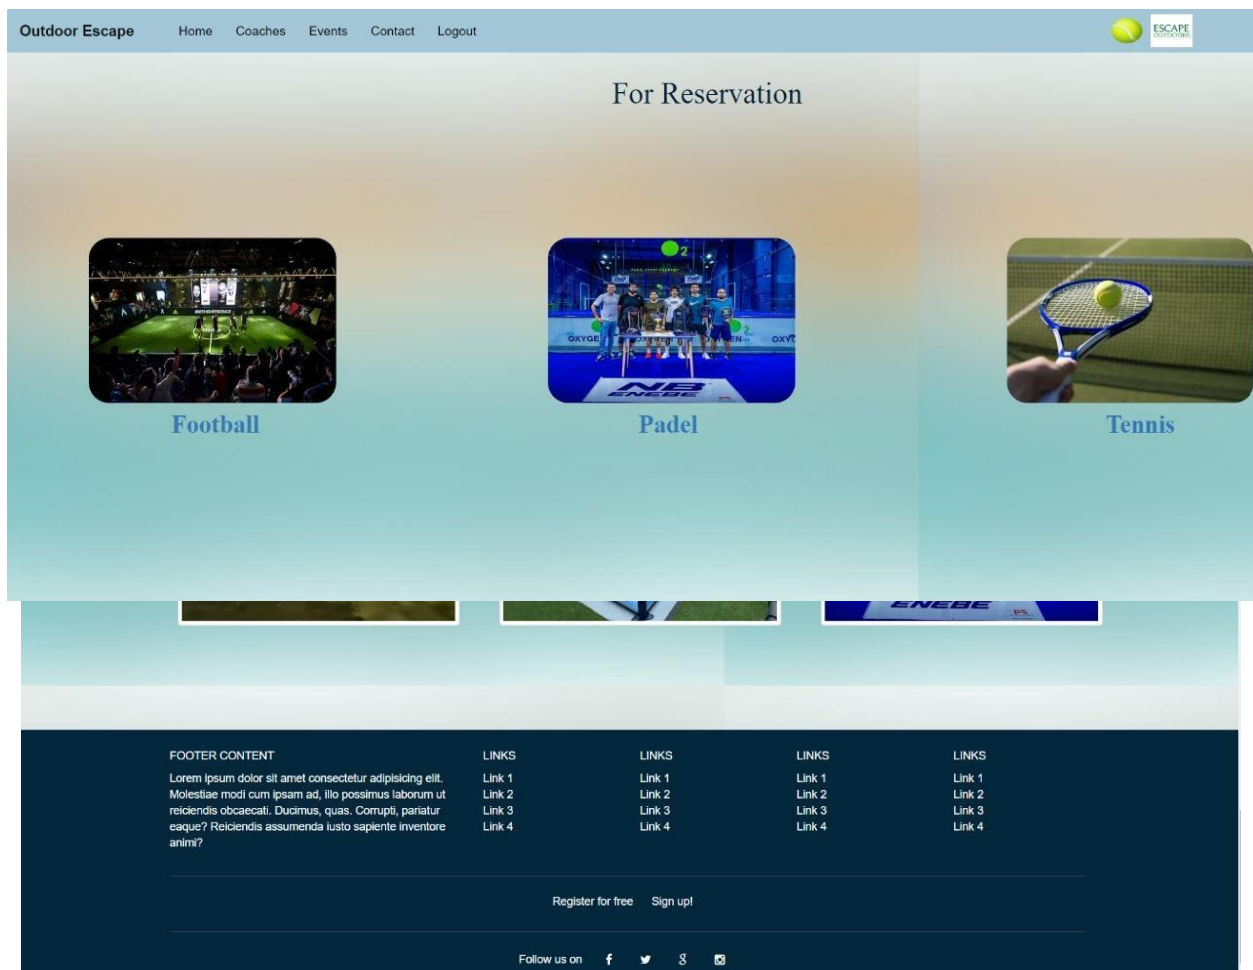

Our website starts with the home page:

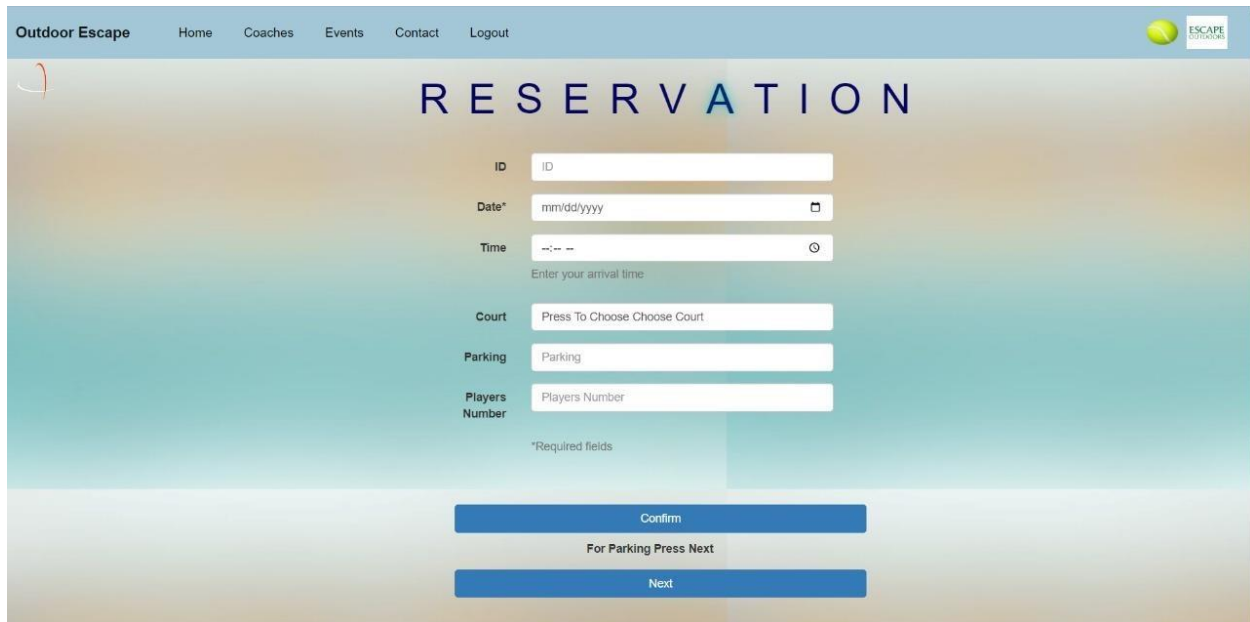

Then to the login form

Which takes us to the courts' reservation

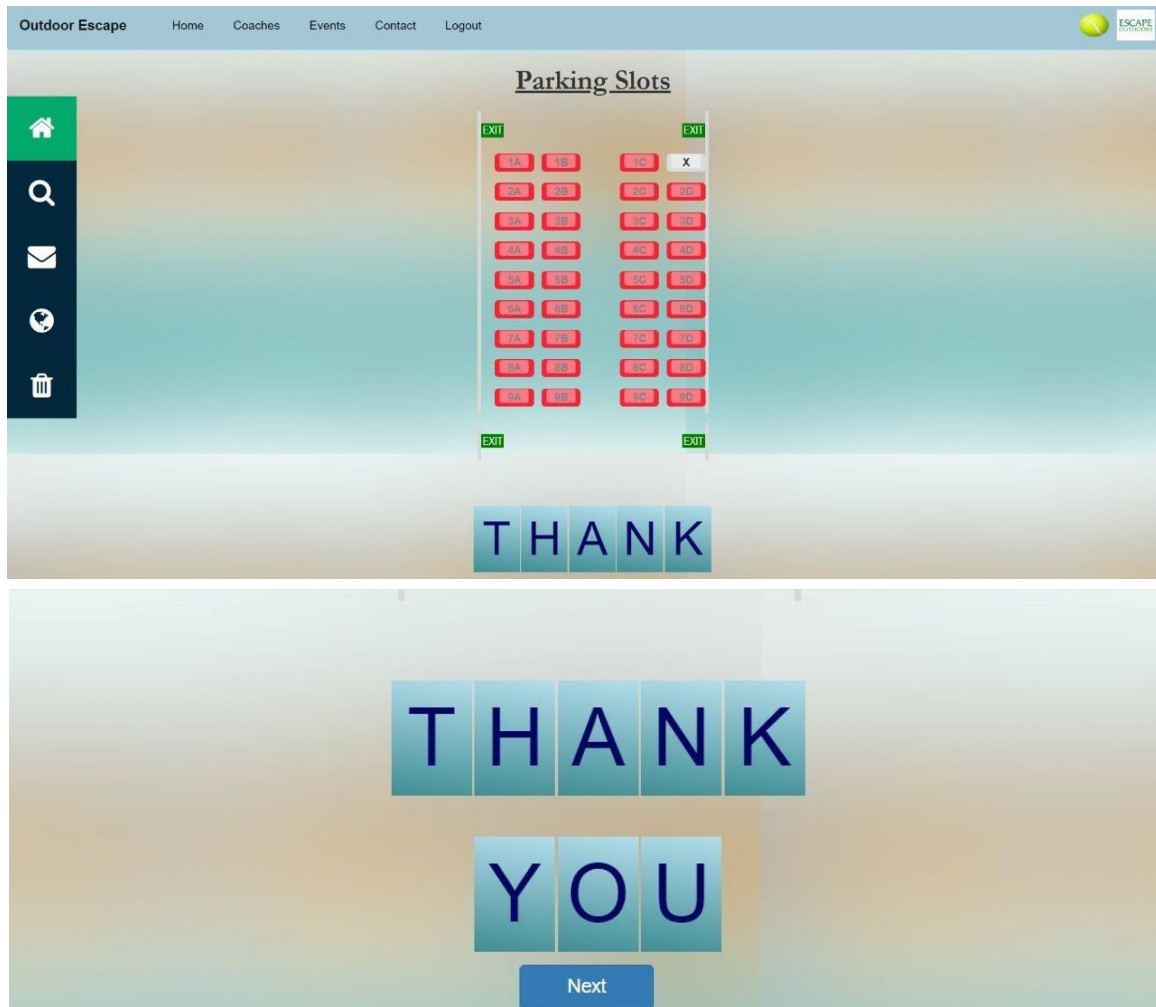

According to the client's choice of the court, the client is redirected to the reservation form

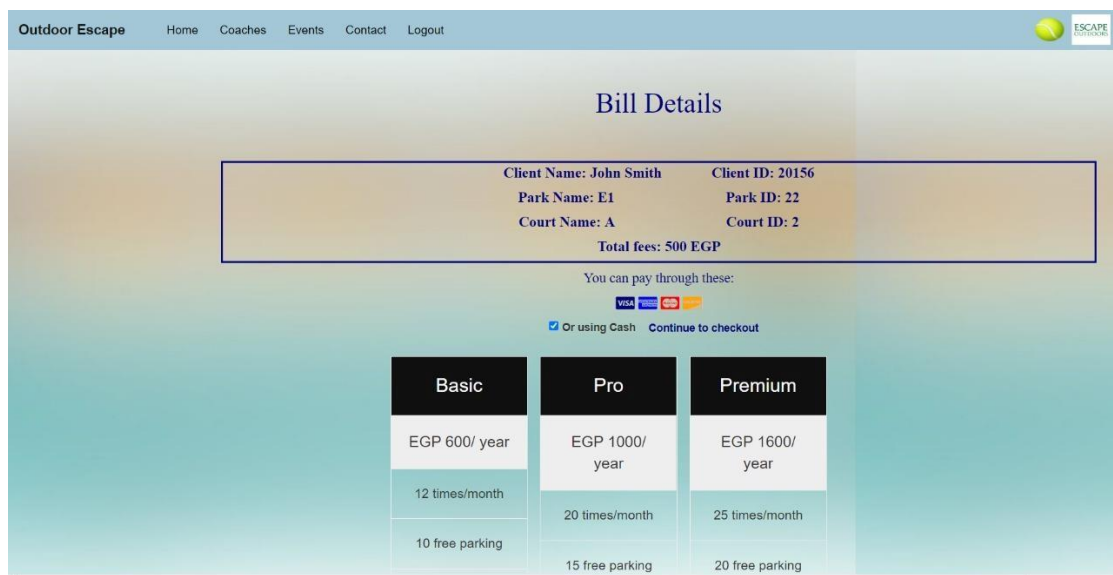

The screenshot shows a web page for "Outdoor Escape" with a navigation bar containing links for Home, Coaches, Events, Contact, and Logout. A green tennis ball logo with the text "ESCAPE" is in the top right corner. The main heading "RESERVATION" is centered in large, blue, spaced-out letters. Below the heading is a form with the following fields: ID (text input), Date\* (text input with a calendar icon), Time (time selector with a clock icon and the text "Enter your arrival time"), Court (text input with the placeholder "Press To Choose Choose Court"), Parking (text input with the placeholder "Parking"), and Players Number (text input with the placeholder "Players Number"). A note "\*Required fields" is positioned below the form fields. At the bottom of the form are three blue buttons: "Confirm", "For Parking Press Next", and "Next".

There's an optional form that appears before confirming the registration which is the parking form

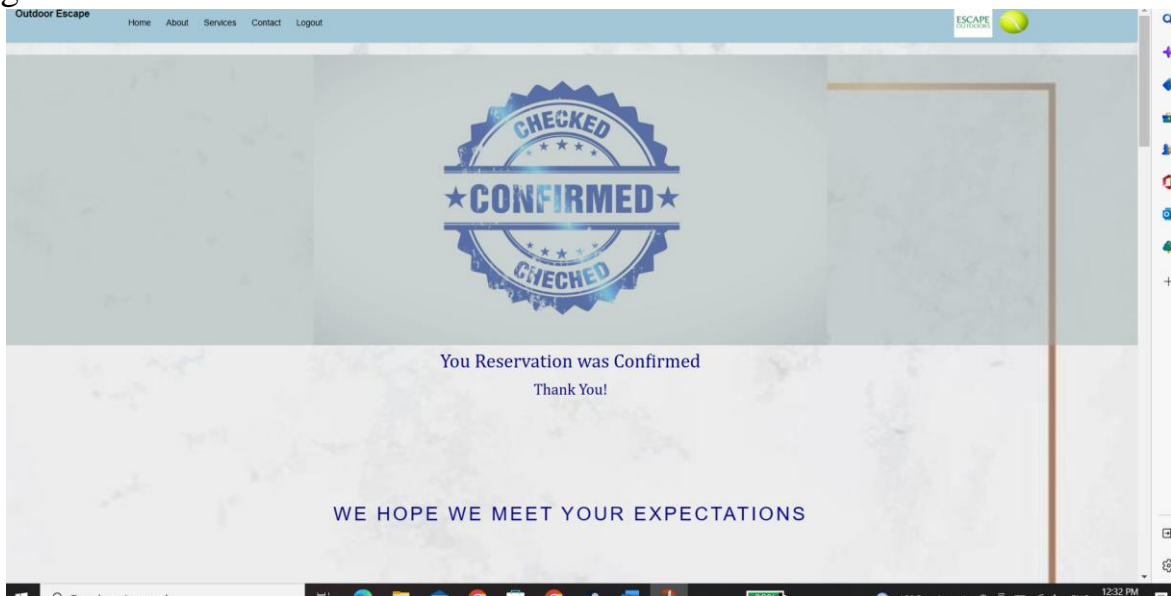

After confirming the registration, we go to the final step which contains the bill details

Basic	Pro	Premium

### Brief History

#### Padel

also known as Padel or Paddle, has its origins on a not so popular variant of enclosed Tennis called Platform Tennis. Enrique Corcuera in 1969 decided to adapt his Squash court at his home in Acapulco (Mexico) with elements of Platform Tennis creating what he called "Paddle Corcuera". He is considered the inventor of Padel.

Padel

#### Football

#### Soccer

known to the rest of the world as football, is one of the oldest sports in history. Dating back to 206 B.C., there are accounts of Chinese soldiers playing Tsu'chu, "kicking the ball," to supplement their training regiments during the Han Dynasty. While many other ancient cultures played games involving a ball, Tsu'chu was the first to not allow hands. Goals consisted of a net attached to two bamboo poles and elevated 30 feet in the air. This is quite the contrast to modern goals that sit on the ground and extend eight feet high and 24 feet wide. The particular style of playing a game with a ball, centered around one's feet, spread throughout the world.

#### Tennis

dates back to 12th century France when it was played in the form of a handball game called 'paume' or palm. The game involved hitting a ball back and forth by hand. In time, a black leather glove was used and then from there a handle was added to the glove, which formed the first racquet. The game was originally played by monks as a form of entertainment during ceremonial occasions. Monks all over Europe enjoyed playing the game of "jeu de Paume" during the 14th century. Over time, the game spread and evolved throughout Europe and beyond.

Padel

### Football

### Sports and Games

are very important for the physical and mental development of a person. They have **several positive effects like, increased blood flow, improved concentration and thinking ability**, among others. There is a difference between sports and games. Sports can only be played outdoors while games can be played indoors also.

## Escape Outdoor's Event Types

### Gold Events

Gold Events are usually performed every month to collaborate with our top notch clients!  
This Event gets the chance to our clients to have the most thrilling experience of competition in their most played Sport.

Golden Ranks

### Silver Events

### Silver Ranks

Silver Events are usually performed every 6 Weeks to collaborate with our competitive clients!  
This Event gets the chance to our Silver Rising clients to have the experience of competition in their most played Sport.

### Silver Events

### Silver Ranks

Silver Events are usually performed every 6 Weeks to collaborate with our competitive clients!  
This Event gets the chance to our Silver Rising clients to have the experience of competition in their most played Sport.

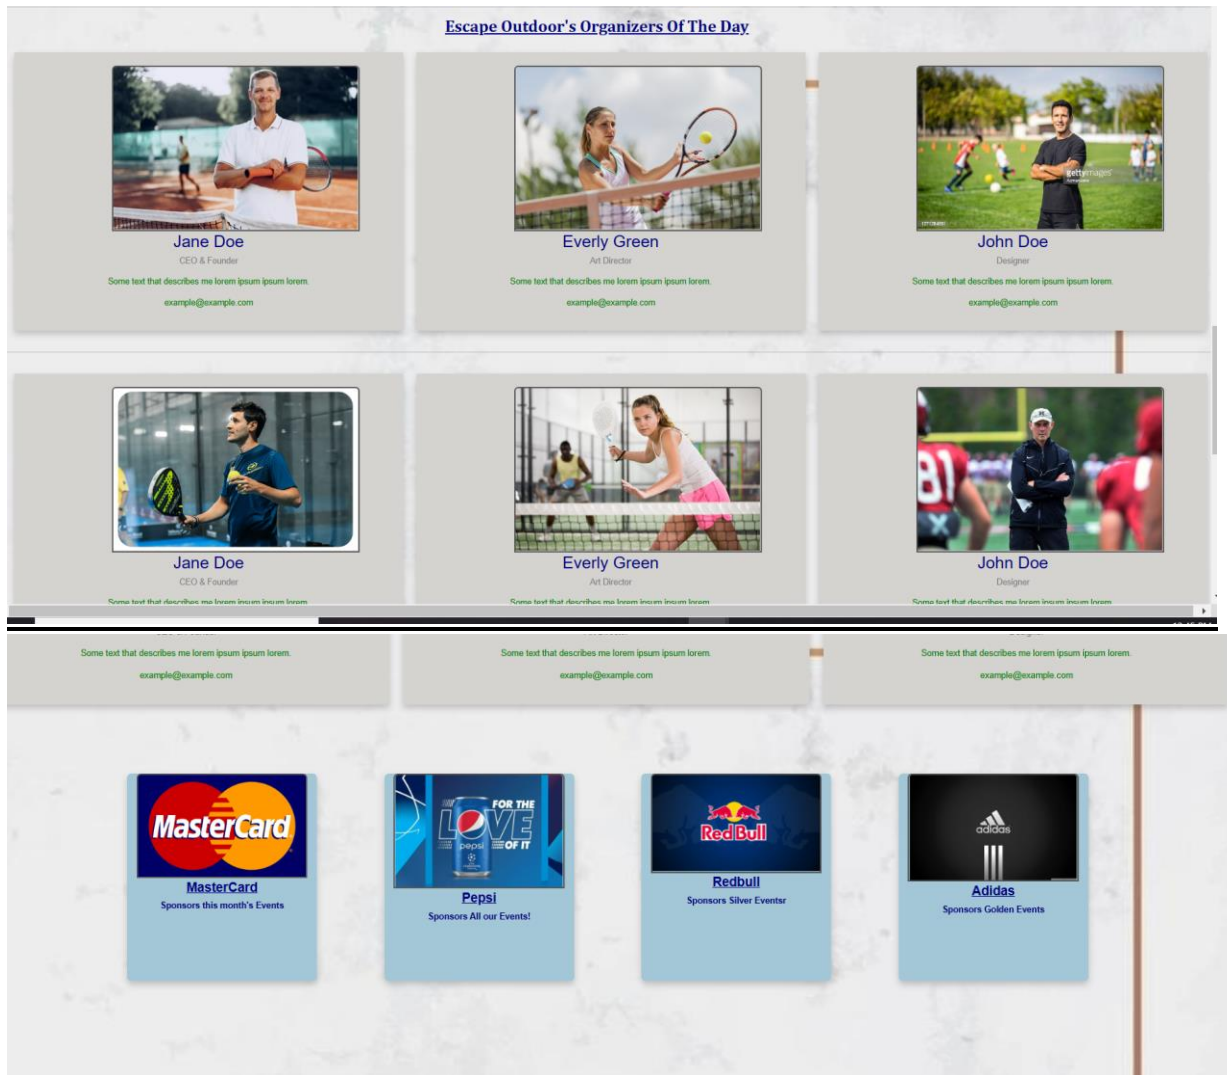

### Bronz Ranks

Bronz Events are usually performed every 8 Weeks to collaborate with our Ambitious Athletes to be!

This Event gets the chance to our Bronz Ambitious clients to have the experience of triaing and competeing in their most played Sport.
